X places remaining

This survey aims to validate a new questionnaire assessing Interoception. Interoception refers to sensing, interpretation and processing of internal bodily signals (e.g., heart).

Please make sure you take the time to do the survey appropriately. This data is important to us.

**NOTE:** We reserve the right to **withhold monetary awards** should we detect non-valid responses (e.g., random patterns of answers, instructions not read, ...).

**For Sona:**
